

A vampire who calls himself a gourmet. The blood he's chosen has a 'special taste'.

The man kept chattering away.

HUMAN BLOOD IS RICH AND HAS A STRONG FRAGRANCE.

BLOOD DEGRADES QUICKLY, SO FOR THE BEST TASTE IT SHOULD BE SUCKED DIRECTLY FROM THE SOURCE.

ALTHOUGH MATURE BLOOD HAS A NICE MELLOW FLAVOUR, I PREFER THE SOURNESS OF THE YOUNGER ONES'.

ONCE BLOOD COOLS DOWN THE BITTERNESS INCREASES, SO IT'S BETTER TO DRINK IT WHILE IT'S WARM.

WHEN YOU HAVE AS DISCERNING A PALATE AS MINE, FINDING SATISFYING BLOOD IS QUITE A CHALLENGE.

WHAT ARE YOU TALKING ABOUT?

YOU HAVE A SCREW LOOSE?

IN SHORT, I'M SAYING I WANT TO SUCK YOUR BLOOD.

A bite mark of relief and pleasure

BITTER RELIEF

DO YOU
SMELL
SOMETHING
SWEET IN
HERE?

IT'S
MAKING
ME
HUNGRY.

WANNA GO
TO FRUIT
PARLOUR
AFTER
THIS?

THAT
GUY'S
ALWAYS
EATING
FRUIT
LATELY.

OOH
IT'S
KANJINA.

AND
THAT'S
HOW
THINGS
USUALLY
WORK

However,
weirdos
do exist
in this
world.

GEENA.

GEENA.

Before I met Taki, I didn't know,

That though small in number,
there seem to be people in this world that survive by drinking blood.

These creatures, formerly known as vampires,
are now classified as a human subspecies
and walk with us on the path of coexistence.

Their saliva
contains an
addictive
pleasure
substance.

Taki says
that hunger
and carnal
desire are
directly
linked.

Compared to
the surreal
aspect of
having my
blood sucked,
having sex
with a man
is nothing.

THANKS
FOR THE
MEAL.

HEY,
YOU.

YOU'RE
ONE OF
THOSE,
RIGHT?

GOTTA
LEAVE
SOME
SALIVA
HERE
SO YOU
WON'T BE
TAKEN BY
OTHERS.

IF YOU'RE
DONE THEN
GO HOME
ALREADY!
